**Conserving Today
for Tomorrow**

2022 Planning Survey

Conserving Today for Tomorrow is the Okanogan Conservation District's outreach effort to engage the community in our five-year planning process. We want you to tell us how to better help you managing the air, land, water, and wildlife we all depend on to sustain our livelihoods and quality of life.

Please take our survey and **enter to win a chance for a \$100 Gift Certificate** from Pape Machinery in Okanogan. Good toward any purchase or rental. Survey ends 5 PM, Feb. 4, 2022.

1. The Okanogan Conservation District is (check one):

- ◇ Don't understand what you do
- ◇ Never had a reason to ask for your help
- ◇ Not interested
- ◇ Other

Take the survey online at okanogancd.org.

9. Please rank the following natural resource priorities in order of importance with 1 being most important and 10 least important.

- ___ Air quality
- ___ Aquatic habitat
- ___ Forest health
- ___ Instream flows/water quality
- ___ Plant health
- ___ Natural grass & shrub land (shrub steppe) health
- ___ Stream bank (riparian) health
- ___ Soil health
- ___ Wildlife habitat
- ___ Water quality

10. Below is a list of things that may negatively impact our natural resources. What concerns you the most? Please rank the list with 1 being your biggest concern and 10 being your least concern.

- ___ Climate change
- ___ Change in land use and land use patterns
- ___ Water availability
- ___ Invasive species
- ___ Regulation
- ___ Wildfire
- ___ Access to natural resource data/knowledge
- ___ Loss of pollinators/pollinator habitat
- ___ Water and air pollution
- ___ Overuse of resources

11. Would you like to elaborate on your response to the previous question or add other factors that are having an adverse impact on natural resources in Okanogan County?

12. What geographic area should we focus on for our work? Please rank the highest priority areas as 1 and lowest as 10.

- ___ Upper Methow (headwaters to Winthrop including Chewuch River)
- ___ Middle Methow (Winthrop to Carlton including Twisp River)
- ___ Lower Methow (Carlton to Pateros)
- ___ Upper Okanogan and Similkameen (Canadian border to Tonasket)
- ___ Middle Okanogan (Tonasket to Omak)
- ___ Lower Okanogan (Omak to Brewster)
- ___ Columbia (Pateros to Coulee Dam adjacent to Columbia River)
- ___ Okanogan Highlands (Kettle River)
- ___ Sandpoil and Nespelem Rivers
- ___ All areas are equally important

13. How would you rate the health of the following natural resources in Okanogan County?

	Poor	On the Decline	Stable	Getting Better	Excellent
Air Quality					
Aquatic Health					
Forest Health					
Instream Flow/ Water Quantity					
Plant Health					
Shrub-Steppe Health					
Soil Health					
Wildlife Habitat					
Water Quality
